Detailed Course Outline

Build workspaces in finance and operations apps, Get started with development using X++ in finance and operations apps, Develop object-oriented code in finance and operations apps, Compare reporting and analytics in finance and operations apps with Dynamics AX 2012, Explore reporting tools in finance and operations apps, Identify data integration patterns and scenarios in finance and operations apps, Implement data integration concepts and solutions for finance and operations apps, Data integrations with finance and operations apps, Build reports for finance and operations apps, Implement the Data management package API for finance and operations apps, Perform user acceptance testing in finance and operations apps, Explore the test framework and tools in finance and operations apps, Create classes in finance and operations apps, Configure your user interface in Finance and Operations apps, Explore extensions and the extension framework in finance and operations apps, Build forms and optimize form performance in finance and operations apps, Build tables in finance and operations apps, Extend elements in finance and operations apps, Build extended data types and enumerations for finance and operations apps, Manage source code by using version control in finance and operations apps, Start developing finance and operations apps by using Visual Studio, Work with data management in finance and operations apps, Dual-write implementation for Dynamics 365 solutions, Connect to Microsoft Power Platform services with

finance and operations apps, Apply basic performance optimization in finance and operations apps, Work with performance and monitoring tools in finance and operations apps, Implement role-based security in finance and operations apps, Plan and implement security in finance and operations apps, Introduction to developing with finance and operations apps, Build finance and operations apps, Extend finance and operations apps, Connect to finance and operations apps, Migrate data and go live with finance and operations apps, Configure and work with analytics and reporting in finance and operations apps, Introduction to developing with finance and operations apps, Explore the technical architecture of finance and operations apps, Key differences between Dynamics AX 2012 and finance and operations apps, Manage finance and operations apps implementations by using Lifecycle Services, Implement application lifecycle management in finance and operations apps, Get introduced to the finance and operations apps, Explore the ecosystem and main components of finance and operations apps

🎓 Certification Path

Microsoft Certified: Dynamics 365 Finance and Operations Apps Developer Associate

Exam: MB-500

Frequently Asked Questions

Q: What delivery options are available for MB-500T00: Microsoft Dynamics 365: Finance and Operations Apps Developer?

We offer multiple delivery formats:

- Live Instructor-Led Classroom Online (Virtual/Live Online)
- Traditional Instructor-Led Classroom Training (ILT)
- On-site delivery at your offices anywhere in United Kingdom
- Private dedicated courses customized for your team

Q: What certification does this course prepare me for?

The MB-500T00: Microsoft Dynamics 365: Finance and Operations Apps Developer course helps prepare you for the Microsoft Certified: Dynamics 365 Finance and Operations Apps Developer Associate certification path.

Q: Which exam does this course prepare me for?

This course prepares you for the MB-500 official exam. You can take this exam at any exam center across United Kingdom including London, Manchester, Birmingham, Edinburgh, or live online wherever you are located.

Q: How many CPD hours does this course provide?

The 1-day MB-500T00: Microsoft Dynamics 365: Finance and Operations Apps Developer course provides up to 4.1 CPD hours of structured learning. CPD certificates can be provided upon request.

Q: What is the duration of the MB-500T00: Microsoft Dynamics 365: Finance and Operations Apps Developer training?

The training takes place over 1 day(s), with each day lasting approximately 5.00 hours including breaks for lunch and refreshments.

Q: Do you provide corporate training for MB-500T00: Microsoft Dynamics 365: Finance and Operations Apps Developer?

Yes, we provide corporate training, dedicated training, and closed classes for MB-500T00: Microsoft Dynamics 365: Finance and Operations Apps Developer. Training can take place anywhere in United Kingdom including London, Manchester, Birmingham, Edinburgh, or live online allowing teams from across United Kingdom or internationally to attend.

Q: What related terms do people search for?

Popular related searches include: MB-500T00: Microsoft Dynamics 365: Finance and Operations Apps Developer, Microsoft, vILT, MB-500T00

Q: Why choose Nexus Human for MB-500T00: Microsoft Dynamics 365: Finance and Operations Apps Developer?

Nexus Human is recognized as one of the leading training providers. Our trainers have won multiple awards including:

- Small Firms Best Trainer Award
- National Training Partner of the Year (Ireland) - Multiple Years
- Global Top 30 Instructor Awards (2012, 2019, 2021)
- Tech Excellence Award Nominations
- Learning Performance Institute (LPI) External Training Provider Sponsor 2024

Q: Are there any discount codes available?

Yes! Use discount code **PENPAL5** when booking your MB-500T00: Microsoft Dynamics 365: Finance and Operations Apps Developer training. Please note that only one discount code can be used per booking and cannot be combined with other special offers.
