Panorama: NGFW Management

Category: Networking & Security | **Vendor:** Palo Alto Networks

Duration: 16.00 hours (2 days) **13.0 CPD Hours** **Rating:** ⭐ 4.6 (5,878 reviews)

Course Information

Delivery Format: Instructor Led - Online

Course Overview

The Palo Alto Networks Panorama: NGFW Management course is two days of instructor-led training that should help you to:

- Learn how to configure and manage the next-generation Panorama management server
- Gain experience configuring templates (including template variables) and device groups
- Gain experience with administration, log collection, and logging and reporting
- Become familiar with planning and design considerations for Panorama deployment

The Panorama NGFW Management course is an update of the former EDU-220 Course.

Exclusive to Fast Lane / iTLS:

Extended lab hours after the course
