Course Overview

This comprehensive workshop will prepare you for the Certification of Capability in Business Analysis (CCBA®) exam and help you make the most of the limited study time you have. The course was designed, created, and is taught by expert IIBA-certified instructors who will help you focus on critical study areas and provide insights into the exam. This course conforms to and aligns with the BABOK® Guide version 3.0 of the IIBA® (International Institute of Business Analysis). Whether working in traditional Waterfall, Agile or hybrid project environments, Business Analysis skills are central to facilitating communication and achieving consensus among stakeholders. From understanding the business need and writing business cases, to requirements management, through evaluating solutions, those filling the role of BA are addressing the most pressing issue facing businesses today: How to deliver value and meet the business need. CCBA® candidates will learn the full repertoire of BA techniques and elevate their understanding of their own experience as seen through the lens of industry best practices. The investment in a CCBA® certification enhances the effectiveness and professionalism of practitioners and translates into a robust return on the investment for both individuals and organizations that will benefit from improved business processes, higher rates of project success, and better business outcomes. This course satisfies the 35 hours of formal education required to sit for the CCBA® Exam. We are excited to introduce a special add-on bundle to enhance your learning experience with our IBA certification courses. This unique bundle includes a 1-year membership, providing access to exclusive resources and benefits, coupled with an extraordinary 30% discount on exam fees and applicable application fees. To benefit from this exclusive offer, we encourage you to reach out to your dedicated representative or contact us indicating your interest in taking advantage of this exclusive offer.
