Course Overview

PSM is the cutting-edge course for effective Scrum Masters and for anyone coaching a software development team toward increased efficiency and effectiveness. The course includes advanced thinking for servant-leadership and behavioral shifts. Throughout the course, students are challenged to think in terms of the Scrum principles to better understand what to do when returning to the workplace. The PSM course is much more than just a set of slides and an instructor. In this course, students work on real-life cases with other classmates together as a team. This course is made up of discussions and hands-on exercises based upon real-life cases. Included within the course costs :-Full days training PSM I exam.

About This Course

The Professional Scrum Master course is for anyone involved in software development using the Scrum Framework. It is particularly beneficial for those people within an organization accountable for getting the most out of Scrum, including Scrum Masters, managers, and Scrum Team members.

Who Should Attend
